

The Consequences of Our Changing Winters

Caitlin Hicks Pries

Associate Professor,
Biological Sciences
Dartmouth College

Join Caitlin Hicks Pries to learn about the network she has established across Dartmouth lands to measure how the warming winters are altering the snowpack and soil climate and impacting forests and local industries, such as skiing and snowmobiling.

Wednesday, December 3
Doors open at 5 PM
Presentation begins at 6 PM
Galligan's Pub

As always, pre-registration is necessary.
Participation in Science Pub requires an active AIL Membership.
