

Curriculum Committee Charter 2024-2025

Bylaws:

Responsible for all academic programs, the Curriculum Committee oversees recruitment of Study Leaders and implementation of approved course proposals. The Committee also provides annual estimates of courses and enrollment.

Responsibilities:

- Be guided by excellence as our standard
- Support qualified Study Group Leaders and other presenters from initiation of a proposed offering through its completion and assessment
- Assure a range of resources for Study Group leaders and other presenters
- Increase diversity of courses
- Align with Program Manager on Curriculum Committee initiatives
- Depend on member input as presented by Evaluation Subcommittee
- Coordinate with other committees on Adventures in Learning initiatives
- Continue to offer non-course academic offerings such as Lunch and Learn, Science Pub, and one-off lectures on timely topics
- Implement new initiatives such as regional community partnerships and long-range planning and implementation
- Evolve scope and role of remote courses
- Continue to seek ongoing technical support for both Study Leaders and course participants
- Articulate changing technology needs
- Periodically update and revise Study Group Leader Guide
